AUSSDA

The data archive for all social sciences in Austria.

We make social science data accessible and reusable.

FIND DATA

Your research journey starts here.

In the AUSSDA Dataverse you can find a broad variety of both quantitative and qualitative social science data for reuse.

Popular Data Sets

- AUTNES – Austrian National Election Study
- SSOE Social Survey Austria
- Austrian Corona Panel (ACPP)
- Microcensus Surveys of Statistik Austria
- European Values Survey

ARCHIVE DATA

A home for your research data.

You have collected social science data and want to sustainably archive it? Then the AUSSDA data repository is the right place to go.

Benefits of Archiving Data with AUSSDA

- We provide secure long-term preservation free of charge
- Your data is assigned a DOI and is easier to cite
- Your research becomes more visible
- You meet funding requirements and follow good scientific practice
- We provide free quality control of your data
