

# AUSSDA

The data archive for all social sciences in Austria.

We make social science data accessible and reusable.

## FIND DATA

Your research journey starts here.

In the AUSSDA Dataverse you can find a broad variety of both quantitative and qualitative social science data for reuse.

### Popular Data Sets

- AUTNES - Austrian National Election Study
- SSOE Social Survey Austria
- Austrian Corona Panel (ACPP)
- Microcensus Surveys of Statistik Austria
- European Values Survey

## ARCHIVE DATA

A home for your research data.

You have collected social science data and want to sustainably archive it? Then the AUSSDA data repository is the right place to go.

### Benefits of Archiving Data with AUSSDA

- Your data gets a DOI and is easier to cite
- Your research becomes more visible
- Your data meets the FAIR criteria, you meet funding requirements and perform good scientific practice
- We provide free quality control of your data
- We take care of safe long term preservation and access requests
